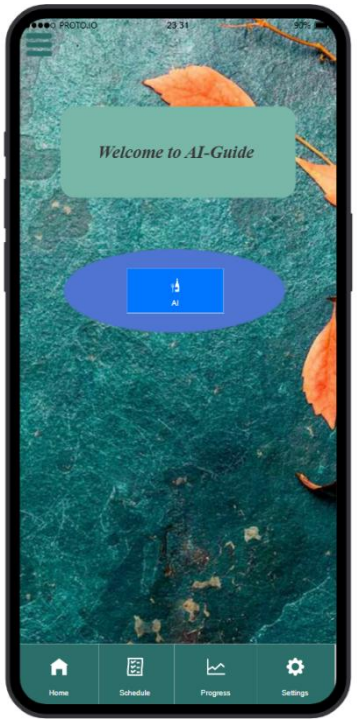
Create a prototype with familiar and unfamiliar navigation elements. Evaluate ease of use with different user groups using proto.io

Screen 1:

Home page for AI-Study plan

Home page:



Unfamiliar Element:

1. AI Floating Interaction:
   o Instead of traditional navigation, users receive intelligent suggestions.
   o Represents smart, AI-driven navigation assistance.

Familiar Icons:

1. **Profile Image (Top Section):**
   o Represents the user's account identity.
   o Used to display or edit personal information.

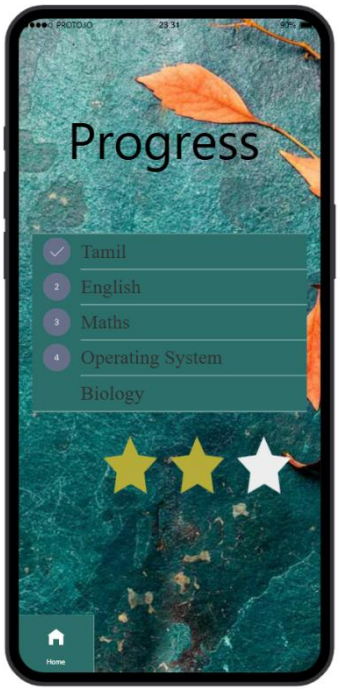
2. **Home Icon (Bottom Left):**
   o A widely recognized navigation icon.
   o Clicking it takes the user back to the Home screen.

3. **Text Labels (Profile, Student Name):**

o Standard UI elements used for identification and user information display.

Screen 2:

Progress page:



Familiar Icons:

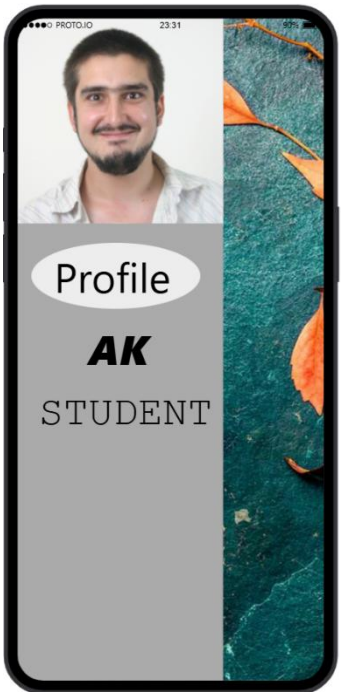
1. **Subject List (Tamil, English, Maths, OS, Biology):**
   o Standard list view used in educational apps.

2. **Star Rating :**
   o Represents performance level.
   o Common rating indicator in many applications.

3. **Home Button:**
   o Navigates back to dashboard.

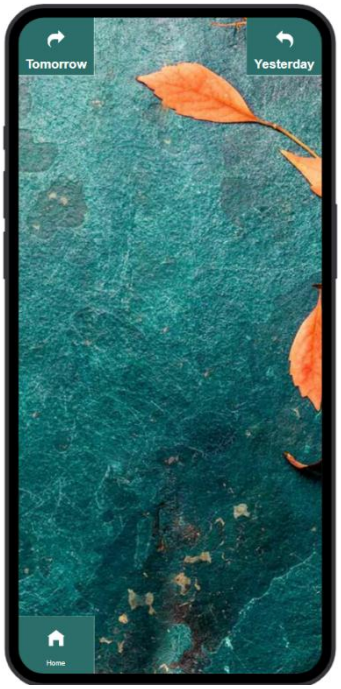
Screen 3:

Menu page:



Screen 4:

Scheduling Page:



Familiar Icons:

1. **Tomorrow Button (Top Left):**
